**The First Support Meeting:**

The first support meeting with new people can make others a little apprehensive. You're not sure who will be there, will you feel comfortable with a new group of faces. Some of them you know, but most you do not. It's fine to talk, or it's fine not to talk. We want everyone to be comfortable! Listening can be very therapeutic as well as verbally participating. I want you to know that you are welcome, no matter what! I'm hoping that we can all support one another down this very long and dark path. We can be each other's strengths when we need someone to lean on. Our varied circumstances that have led us to this group, have given us different views. There will be different sources of information that we bring to the table. Everyone has something to offer! Please realize that there is no right or wrong thing to say, as long as we show respect toward each other. I will be available to talk with you privately if you prefer not to talk in front of the group.

### Murder Wall...Honoring Their Memories

If you would like to have your loved one added to The Murder Wall please contact our National Office at **(888) 818-POMC**. It is the only National monument in the United States for those who have died by murder. It is a tribute that guarantees the memory of those we love so deeply will survive forever. ### Sheriff and DA Join to Provide Automatic Offender Information to Victims

(written by Richard Luczak, San Diego Sheriff's Department)

On July 6, 2009, the San Diego County Sheriff's Department became a participant in the Victim Information and Notification Everyday (VINE) Program. In compliance with Marsy's law, which requires notification of inmate release or escape, VINE was introduced in San Diego County through a grant from the California State Sheriff's Association. VINE is an anonymous and free service that provides registrants with a notification when significant changes occur to an inmate's custody status. VINE enables users to voluntarily register one or more e-mail addresses and/or telephone numbers in order to be notified when an inmate is released, is pending scheduled release, or is transferred to a facility in another county or state prison.

The public can register by calling 1-877-411-5588, or by visiting [www.vinelink.com](http://www.vinelink.com). The most effective way to register in VINE is using the inmate's booking number. That's available from the Sheriff's web site "Who's in Jail Page". The Sheriff has added a link that passes the selected inmate's booking number directly to the VINE registration page. The web site is at [www.sdsheriff.net/victims](http://www.sdsheriff.net/victims). This new VINE service in San Diego pertains only to inmates in Sheriff's custody. Currently inmates detained in State Prison (e.g. Donovan), by CCA for Immigration and at MCC for Federal inmates are not covered by VINE. Therefore victims must contact those facilities directly to check on inmate status. The State hopes to adopt VINE at some point in the future for their State Prisons.
